

KEVIN WIBAMANTO

Computer Science fresh graduate

EDUCATION

Bina Nusantara University: School of Computer Science
2018 – 2022
GPA: 3.85

WORK EXPERIENCE

ITSEC Asia (Feb 2021 – Feb 2022)

Penetration Tester Intern

- Perform Penetration testing on client **web**, **mobile** apps, and **infrastructure**
- Provide **impact** analysis and **mitigation** steps for client's vulnerabilities
- **Develop automated penetration testing tools** for the company penetration testers

BINUS University – BINUS Student Learning Community (2019 - 2020)

Scholarship Mentor

- Mentor 8 total students of the same level in their studies in improving their grades and skills from barely passing to good and excellent.

PROJECTS

Binusmaya Attendance Manager ([Github](#))

Python app to help students manage their attendance and forum assignments.

- Use Binusmaya's **web service** (API) to manage attendance and assignments
- Supports a wide variety of more features to further build **customer value**

Compfest Hospital ([Github](#), [App](#))

Golang content management system for hospital events.

- Built with a **service-oriented architecture** through decoupled REST APIs

and more at my portfolio (<http://kevindoubleu.github.io/>)

SKILLS

Hard Skills

- **Golang, Java, Python, PHP**: Intermediate
- **C/C++**: Intermediate
- **MySQL, PostgreSQL**: Intermediate
- **HTML, CSS, JavaScript**: Intermediate
- **Docker**: Beginner

Soft Skills

- **Problem solving**: Solved algorithm and data structures problems individually and within a team
- **Communication, collaboration, teamwork**: Provided mentoring to people outside my social circle, making friends and achieving goals with them
- **Leadership**: Almost always selected as the lead in projects of 3 to 5 students.
- **Resilience**: Increased GPA steadily from 3.73 on 1st semester to 3.85 now

AWARDS

BINUS Student Learning Community: Excellent Mentor (2019/2020)

Mentee's grades stayed or kept improving even after mentorship has ended.

Hackerrank Certifications and more ([Full List](#))

Problem Solving, Go, REST API, MySQL, etc.

PROFILE

Passionate learner of computer science, though mostly focused on hard skills I also possess crucial aspects for working in a fast-moving team environment and consistent self-development such as **growth mindset**.

Aiming to be a world class **software engineer**. Looking to learn programming, organizational, and professional networking from the best.
